CHILD CARE FOR ESSENTIAL SERVICES
AVAILABLE FOR YOUR FAMILY

If you or a family member are classified as an essential worker and are in need of child care services to support your family during this time, the Central Coast YMCA can help. We currently have 4 locations open in the Santa Cruz, San Benito and Monterey Counties to support children in a safe and supportive environment.

Our Services
All Services locations provide:

• Full-day care available for TK* to 8th grades (*must be potty trained).
• Curriculum based activities, such as STEM, Homework Time, YF4L Exercise program. supplemental educational packets are also available.
• Experience child care staff.

Safety Protocols
The YMCA follows local, state and CDC guidelines to provide the most current and best cleaning protocols to keep your family safe.

• All parents will sign an updated Liability Waiver that includes Covid-19.
• The facility is closed to the general public. Check in and check out will be held outside of rooms to limit the number of individuals entering the child care space.
• All families will confirm a set of health questions prior to signing in.
• All children will have their temperature checked on arrival each day. Children with a temperature of 100 or higher will not be allowed to stay. Any child that exhibits any sign of illness will not be accepted.
• Increased cleaning protocols and frequencies to ensure all door handles, surfaces, supplies, and other areas are sanitized overnight and ongoing throughout the day.
• Staff and children will follow all local, state and CDC recommended protocols daily; including groups 10 or fewer and social distancing during all activities.
• The YMCA will continue to communicate with local and state authorities to ensure we have the most up to date information and if the situation arises in which we need to close a site, we will act accordingly.

CENTRAL COAST YMCA
CHILD CARE FOR ESSENTIAL SERVICES

If you are a company in need of child care services to support your employees and continue business operations during this time, the Central Coast YMCA can help.

We currently have three options available:
1. Onsite child care at your company. We can work with your company to bring experienced staff to you and provide the care onsite while your employees work. If you are interested in this option, please contact your local Central Coast YMCA branches.
2. Create an employer subsidized child care program. This will allow your company to provide subsidies directly to your employees for the fees associated with our care.
3. Inform your employees of our available locations.
